• MEN'S HEALTH

Vacuret® - Vacuum Pump for Erectile Dysfunction

Our easy to use one piece vacuum erection device works by negative pressure which is then maintained with a tension ring. With our erectile dysfunction pump you can have an erection within 60 seconds, allowing you to be ready at a moments notice

Dribblestop® - Urinary Incontinence Clamp

The male urinary incontinence clamp is an external device worn just behind the head of the penis. The Dribblestop® clamp applies just enough pressure to the urethra to prevent the flow of urine. It's safe, easy to use, and most of all effective in controlling bladder leakage.
